

What speeds up development?

We can speed up development if the customer can provide :-

- a** Lab, Kilolab or plant processes (Secrecy, confidentially agreement availability).
- b** Direct contacts with cistomers, R & D or Lab chemists.
- c** Reference samples of final product and preferably of all related Intermediate steps.
- d** Method of Analysis of the fianl product and of Intermediary stages.
- e** Specifications or preliminary quality benchmark for the final product.
